

Website Content Reorganization

Project Title	Website Content Reorganization
Project Summary	Seeking a talented content editor to update and reorganize Department of Homeland Security Privacy Office Freedom of Information Act (FOIA) government page
Country	United States
Country/Region of Focus	United States

Project Description

Your skills and creativity are needed to assist in the reorganization of the U.S. Department of Homeland Security (DHS) Privacy Office Freedom of Information Act (FOIA) website! The DHS Privacy Office issues FOIA policies for the Department, monitors FOIA implementation, and processes thousands of requests for headquarters-level records each year. Selected Applicants will work directly with the DHS Privacy Office FOIA Government Specialist to improve the readability of the DHS Privacy Office website and increase public understanding about the agency's operations. Selected Applicants should be detailed oriented and be able to provide high level content that is appealing and catch the readership's attention.
